

Capstone Presentation

Meridian

Presented by: Isabella Kaswinkel, Sierra Repsky, Elyza Perry, Holly Ross, Reese Collen, and Kaylee Czerniakowski

Key Goals

Optimize
Meridian Cost
Structure

Strengthen
Leadership Bench
and Business
Continuity

Build a High-
Performing
People Operating
System

New Organizational Structure

C-SUITE ROLES

Old Company

Former Position

Reasoning

CEO

Alpha

President and
CEO

- Intended CEO of Meridian
- His profile shows that he is a transformative leader

CFO

Beta

Executive VP, CFO
& Treasurer

- Individual has led successful transformations and has had large-scale CFO experience

CHRO

Beta

Vice President -
Chief HR

- Extensive experience leading HR functions across the country
- Holistic HR management experience

C-SUITE ROLES

Old Company

Former Position

Reasoning

COO

Beta

VP Operations
& Supply

- Individual is rated a high performer
- talent review describes him as the company's strongest operations leader.

CTO

Alpha

Sr. VP
NBD/Innovation

- Alpha has a stronger foundation in technology with advanced materials and process expertise making them fit to lead this role

Extended Leadership Roles

	Old Company	Former Position	Reasoning
Sr. Director of Sales and Marketing	Beta	VP - Global Sales	Is a high performer and is said to be "one of the reasons why this merger has been successful"
Sr. Director of Supply Chain	Beta	Director of Global Supply Chain	- Individual is a proven star according to talent review - Alpha supply chain role is vacant
Sr. Director of Finance & Accounting	Beta	VP of Finance & Chief Accounting Officer	- High performer in his role according to talent review - Some weakness in Alpha's finance bench

Extended Leadership Roles

Old Company

Former Position

Reasoning

Sr. Director of Technology & Innovation

Alpha

Global Director,
Forming &
Finishing

- Alpha has a very strong succession plan for R&D and technical.
- On a talent path to President which would suggest very high potential.

Sr. Director of HR

Alpha

Sr. Director,
Global HR
Operations

- Individual has high potential according to talent review
- On a succession plan for CHRO

COST SAVINGS

Totals for Companies C-suite

Company A Total
before Merger:

\$2.1 Million

Company B Total
before Merger:

\$2.45 Million

Meridian C- Suite
Costs:

\$2.02 Million

Total Savings: around \$430,000 in salaries alone.

Why is the Consolidation Needed?

- Created duplicate roles and teams within the organization.
- Each company was doing the same function independently.
- Keeping 2 of every position is a waste of company time, efficiency and resources.
- Emphasis on cost savings

Actions to take

There are many roles and departments within each company that are identical and need to be cut down. In order to make the process more effecient we would need to:

- Identify where each C-suite position is coming from and their salary
- Get rid of CLO (Chief Legal Officer)
- Identify where each extended leadership role is coming from
- Re-evaluate bonus structure

Risks and Action Items

Risks

- Loss of key talent and industry knowledge
- Culture shock
- Disruption of operational effectiveness
- Resistance to change

Actions

- Identify and retain critical employees
- Make adjustments in phases and not all at once.
- Maintain clear communication throughout the process

SUCCESSION PLANNING

Time Frame 0-6 Months

- **Month 0–2: Assessment & Planning**
 - Conduct workforce analysis to identify redundancies and key talent
 - Evaluate current compensation, roles, and organizational structure
 - Gather employee feedback to understand concerns and cultural differences
- **Month 2–4: Structure & Alignment**
 - Finalize new organizational structure and leadership roles
 - Communicate workforce decisions and role changes clearly
 - Align compensation, titles, and performance expectations
- **Month 4–6: Integration & Implementation**
 - Launch “One Meridian” culture and training initiatives
 - Begin team integration and cross-functional collaboration
 - Monitor employee engagement, performance, and retention

Time Frame 6-12 Months

- **Month 6-8: Stabilize Culture & Leadership Consistency**
 - Reinforce “One Meridian” values in daily routines, meetings, and decision-making
 - Train leaders on consistent communication and coaching expectations
 - Standardize core processes and decision rights across the department
- **Month 8-10: Build Capability & Strengthen Collaboration**
 - Identify high-potential employees and begin succession planning
 - Improve workflow efficiency by removing duplicate work
 - Define interdependencies and KPI’s to strengthen collaboration
- **Month 10-12: Enforce Performance & Drive Operational Stability**
 - Reinforce retention strategies for key talent and address turnover risks
 - Maintain steady communication to reinforce stability and highlight progress
 - Evaluate whether the new structure is functioning as intended and adjust

Time Frame 12-18 Months

- **Months 12–14: Strengthening Culture and Alignment**
 - Reinforce the “One Meridian” culture across all teams
 - Make sure leaders are modeling the right behaviors
 - Improve teamwork and accountability across departments
- **Months 14–16: Engagement and Performance**
 - Continue gathering employee feedback and acting on it
 - Align performance expectations with company goals
 - Recognize and reward employees who support the culture
- **Months 16–18: Long-Term Growth and Stability**
 - Make culture part of everyday work and decision-making
 - Support employee growth and internal opportunities
 - Focus on long-term success and consistent performance

HR STRATEGY

Culture and Employee Relations

- Establish a unified “One Meridian” culture that combines the strengths of both organizations
- Promote a culture of collaboration, accountability, and high performance across all teams
- Ensure leaders model and reinforce the company’s core values and expected behaviors
- Maintain strong employee relations by encouraging open communication and transparency
- Provide consistent feedback channels to understand employee concerns and improve engagement
- Support employees through the transition with clear expectations, resources, and development opportunities
- Recognize and reward employees who demonstrate the desired culture and contribute to company success

How is HR Going to Support This?

Meridian Culture Integration Hub

1. Launch Cross-Company Culture Teams

- Pair Alpha and Beta employees to address integration challenges
- Focus on communication, onboarding, collaboration, and manager consistency
- Share monthly quick wins to build trust and momentum

2. Use Pulse Feedback to Guide Action

- Send short surveys to track morale and employee concerns
- Review feedback by department to spot culture or retention risks
- Create action plans before issues affect performance or turnover

How is HR Going to Support This?

Align Performance Systems

- **Standardize performance reviews + KPIs across both companies**
 - Create unified rating scales and metrics
 - Define clear, measurable KPIs for each role that align with Meridian's overall strategy
- **Tie compensation to performance (bonuses, incentives)**
 - Introduce performance-based bonus structure
 - Link salary increases to annual review outcomes
- **Focus on accountability + results**

How is HR Going to Support This?

Build Strong Leadership

- **Select leaders based on performance, not legacy company**
 - Use objective performance data in selection decisions
 - Evaluate leadership competencies (KSAOs)
- **Train managers on leading through change**
 - Provide change management training programs
 - Offer ongoing leadership development workshops
- **Hold leaders accountable for team engagement + results**
 - Use employee engagement surveys
 - Track retention and turnover rates

How is HR Going to Support This?

Use HR Data to Drive Future Decisions

- **Establish a Unified HR Data Infrastructure**
 - Combine data from both A & B to create a single HRIS
 - Standardize definitions to ensure the company
- **Track the Metrics that Predict Post-Merger Success**
 - Talent Stability Metrics
 - Performance & Productivity Metrics
- **Build Predictive Models**
 - Turnover prediction models - identify at-risk teams before they lose talent
 - Compensation competitiveness models- identify pay compression or inequity
- **Use Data to Drive Targeted Interventions**
 - Data needs to be the trigger for action
 - Turnover spikes → targeted interviews, manager coaching, understanding why

Final Recommendations

- Keep building a strong “One Meridian” culture that people actually feel in their day-to-day work
- Make communication consistent, open, and honest at every level
- Invest in people by creating real opportunities for growth and development
- Pay close attention to employee feedback and act on it
- Stay flexible and continue adjusting structure and processes as the company evolves
- Focus on long-term success by strengthening collaboration, trust, and performance

Thank You!
